

# Machinists Endorsement

**February 16, 2021**

## **Sky Harbor Lodge 2559 Executive Board Endorses Ian Scott-Anderman for General Secretary Treasurer**

The Executive Board of Sky Harbor Lodge 2559 in Phoenix, Arizona is taking the unprecedented step of endorsing a candidate running against the slated incumbent for a Grand Lodge officer position. We, the undersigned E-Board members, have chosen to endorse **Ian Scott-Anderman** for the office of **General Secretary Treasurer**. While it is not our usual practice to make such endorsements, we feel it necessary to speak out under the current circumstances.

**Sister Scott-Anderman** has served the Union as an elected Steward and Local Lodge financial officer, as well as having six years of experience as a District Secretary-Treasurer. She started her Union career at the entry level and has been elected to positions of greater responsibility, gaining experience and wisdom at each step of her journey. She has demonstrated sound judgement, excellent leadership skills, and fiscal responsibility. She has made the tough decisions, saving her Local Lodge from financial difficulties, and restructuring our District Lodge to meet the challenges facing it. She has been fair and even-handed, but she hasn't shied from the tough... and frequently unpopular... choices that needed to be made. She always has the membership's best interests at heart, and she never forgets that, ultimately, it's the membership's money. She has, again and again, demonstrated the highest personal and professional values.

Her opponent, on the other hand, exemplifies the worst kind of Union leadership. Democracy is not only threatened by ruthless dictators, angry mobs, or crooked politicians. It is also threatened by unethical union officers who retaliate against those who oppose them. Democracy is threatened by punishing those who want reform. It is threatened by those who want to silence IAM members who will no longer tolerate Dora Cervantes' continued mismanagement of the GST Department and want real change.

The time has come to stand up to this mismanagement and un-democratic bullying and take back our Union! We unanimously join with our General Vice President, Sito Pantoja, and many others, in endorsing **Sister Scott-Anderman**. We ask all IAMAW members to join us in supporting **Ian Scott-Anderman** for the office of **General Secretary-Treasurer**.
